Dear Parents, Caregivers and School Community,

As we move into the final term of the school year, I'd like to extend a very warm welcome to all families, both new and those returning, at Two Wells Primary School. Term 4 is always an exciting period, filled with both reflection on our achievements and anticipation for what lies ahead.

A particularly special welcome goes to the 2026 Reception children and their families, who are beginning their transition visits with us this term. Starting school is a significant milestone, and we are delighted to be supporting our newest students as they take their important first steps into the world of primary education.

We understand that beginning school can be both an exciting and sometimes daunting experience, for both children and their carers. Our dedicated teaching and support staff are committed to making this transition as smooth and enjoyable as possible. The transition program is designed to give children the chance to familiarise themselves with our learning environment, meet their classmates and teachers, and develop a sense of belonging within our school community.

To our new families, thank you for choosing Two Wells Primary School. We value the trust you have placed in us, and look forward to getting to know you and working together to support your child's learning and wellbeing in the years ahead.

As always, I encourage all families to take an active part in school life, whether it be through classroom activities, volunteering, or attending our community events. Your involvement is greatly appreciated and plays a vital role in making Two Wells Primary School a welcoming and vibrant place to learn and grow.

I'd also like to take this opportunity to provide an update on our planning for 2026. The staffing process for next year is now nearly finalised. We recognise that students and families are keen to know their class teachers and year level groups for 2026. Please be assured that once all appointments are confirmed, we will communicate these details to parents and caregivers in the near future. Thank you for your ongoing patience and understanding as we work to ensure each class is best supported for a positive and successful school year.

In addition, I am pleased to share important news regarding the safety and security of our school grounds. In response to feedback and numerous requests from our school community, fencing works—including the installation of electronic gates—will commence in December. The new gates will be operated remotely and remain locked at all times. This means that students will not have access to the school yard before 8:30am unless they are booked into OSHC. For parents collecting children early, please park on the road and enter via the pedestrian gate to sign your child out. Families holding a disability pass will be provided with access to the designated disabled parking spaces.

We recognise that these changes may require some adjustment, and we appreciate your support and cooperation. The new fence and gate are being installed as a direct response to parent feedback and are focused on enhancing the safety and protection of all students at Two Wells Primary School.

Thank you for your ongoing partnership with our school. Together, we are committed to providing the best possible learning environment for every child.

Best wishes for a successful and enjoyable Term 4.

Kind regards,

Kirsty Brumby
Principal

Room 13 Times Tables Competition

In Week 5 Room 13 competed in the Times Tables RockStars national times tables competition, Oz Rocks. We represented Two Wells Primary School amongst 48 Primary Schools in South Australia and 549 Primary Schools across Australia. Across 3 days, students were able to answer as many questions as they could within a 1-hour time limit each day. In those 3 days, as a whole class, we correctly answered 40,661 questions. Our incredible effort saw us finish 4th in South Australia, and 25th in Australia.

I am incredibly proud of the effort, teamwork and resilience our students showed in this time. Students became noticeably more comfortable and quicker at recalling their times tables over the week.

Every day they were itching to get started!

Congratulations to Nate, Kauri and Tyrell who were our top 3 players in the class!

Celebrating World Teacher's Day at Two Wells Primary

On Friday 31st of October week 3, we celebrated all of our wonderful teachers for World Teacher's Day!

We celebrated and acknowledged the incredible dedication, passion and expertise of our teachers.

Every day our educators inspire curiosity, nurture growth and make a lasting difference in the lives of our students. Their positive impact is felt by students, families and colleagues alike.

Thank you to all of our teachers for your unwavering support, guidance and enthusiasm!

World Diabetes day

On Friday 15th November, week 5, Two Wells Primary school showed their support for World Diabetes Day by wearing something blue.

People think it's simple, check your sugar, take your insulin, move on. But what they don't see is everything in between. It's waking up already tired. It's doing the math before every meal. It's carrying snacks, sensors, lollies, needles, and worry everywhere you go. It's the midnight lows, the mental burnout, the constant fear of getting it wrong.

Diabetes isn't just physical, it's emotional, mental, and relentless. It's a battle you don't clock out of. So no, it's not "just diabetes."

It's surviving something invisible every single day, and that kind of strength deserves to be seen.

This day helps raise awareness and understanding for those who manage diabetes every day.

Stocktake 2025

Stocktake is underway in the library for 2025.

Conducting regular stocktakes are a crucial part of managing school resources effectively.

With regular stocktakes we can keep up-to date records of resources, identify missing or damaged items, ensure all learning areas are adequately resourced, are meeting departmental audit guidelines and can make informed decisions about future purchases for our site.

In order for this to run successfully we need your help by finding and returning any books your child has at home from our library. There will also be no more borrowing for the rest of the term until stocktake is complete.

Thank you for your support.

Swimming Lessons

During week 2 and week 4 of this term, all students were able to participate in our annual swimming lessons at the Gawler Aquatic Centre.

Swimming lessons are a fantastic opportunity for students to develop essential water safety skills and gain confidence in and around the water.

We want to thank the dedicated swimming instructors at the Gawler Aquatic Centre for their expertise and encouragement, and we want to thank all of the students for their efforts, bravery to try something new and unwavering enthusiasm.
