Mobile Phone Policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, **smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement**. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

- Students must deposit mobile phones to the Classroom teacher upon arrival at school. Phones must be turned off or muted.
- Students must collect their mobile phones on leaving school during dismissal time.

If the student does not comply

Students who do not comply with the school Mobile phone policy will be referred to the school Behaviour Response Plan that may result in;

- Reminder
- Warning
- Office Time out
- Confiscation of phone or smart watch may result if a student refuses to follow staff instructions. The item will be stored in the front office in such cases and we will ask the Parent/ Caregiver to come and collect.
- Possible suspension if student continues to not follow school expectations.
