27th August

Book Week Parade

Dear Families and Community Members,

This week, our school community continues to embrace exciting learning opportunities and collaborative growth. In the coming days, students will participate in several excursions for Science Week and our HASS parliamentary visit, while also engaging in filming our 2026

Acknowledgement of Country and exploring innovative projects in Design and Technology. These activities are wonderful examples of "learning expeditions": purposeful journeys beyond the classroom, providing rich, real-world experiences that build knowledge, curiosity, and connection.

I would like to sincerely acknowledge the creativity and dedication shown by our staff and students in preparing for the SALA Art Festival. Their commitment to celebrating art and sharing our stories strengthens our sense of community and pride.

Our team is also busily preparing for upcoming electives, ensuring students have diverse and engaging possibilities to extend their learning. Additionally, we are excited to share that work will soon commence on upgrading our car park—part of our ongoing beautification and improvement of our outdoor spaces.

As always, inclusion and kindness remain central to our wellbeing efforts. We continue to focus on ensuring every student feels welcomed, valued, and safe at school—a priority reflected in all aspects of our work and planning. Thank you to our staff, students, and families for your ongoing support and engagement. Together, we are creating a vibrant and caring school community.

Warm regards,
Bronwyn Whitelaw
Principal

Welcome to our Mid-Year Receptions

A very big welcome to our two mid-year reception students, Grayson and William.

They have eagerly joined in with our classroom learning and have been loving school. We asked them what their favourite things about school are so far:

My favourite things are learning in Literacy and giving out Class Dojo points. – Grayson

I like Maths, especially when I get to sort cars and I like to play with my friends at recess and lunch time. - William

Welcome to our school family, Grayson and William!

SALA Art

The students have busily been completing some artwork for this years SALA Art festival. This year's theme being, 'Water: A story in every drop'.

The students enjoyed using different art skills such as plaster of paris, using different objects to print bubbles and using water colours, dye and salt to create textured ocean backgrounds. We can't wait to visit the exhibition tomorrow.

Classroom Fun

This week is Dental Health Week, our Health lessons focused on oral hygiene. We watched a short video 'Adventures in the Molar System', it taught us all about our oral health. We received our own Colgate toothbrushing kit to take home and practised brushing our teeth with our new toothbrushes. We learnt lots of ways to keep our smile bright, thanks Mrs Lewis!

IT'S FREE!

Growing Together: Cultivating a Community Garden for Robertstown

We're excited to announce our next major project at Robertstown Primary School!

We've submitted an innovative project application, in partnership with Adelaide University, for 2027. Our vision is to redevelop the Stephanie Alexander Kitchen Garden by relocating it to the site of the old playground—creating a vibrant new community space for everyone to enjoy.

Now, we are reaching out to the Robertstown community!

Would you like to be involved in this fresh new garden project? Do you have ideas, skills, or enthusiasm to offer? Our goal is to grow more than just vegetables—we aim to boost food security and help our community thrive.

If you're interested in being part of this exciting journey, or simply want to learn more, please contact me at the school. We warmly welcome your suggestions and support!

Together, let's connect, cultivate, and create something special for Robertstown.
