

## ST AGNES SCHOOL P-6 DRESS CODE

The dress code for St Agnes School P-6 reflects our school pride and our strong community feel. The dress standard is a result of parents and the school working in partnership.

The school expects students to wear clothing within the dress code. The main benefits of a dress code are:

- pride in appearing as a member of the St Agnes School and community
- reducing the social pressure to follow fashion trends
- lowering the cost of students' school clothing
- being appropriately dressed for various physical activities

### The dress code in operation

The school colours are bottle green and white. Clothing which are in school colours but display brands, slogans etc are not considered to be within the dress code.

All students are strongly encouraged to wear the dress code without variation.

Unavoidable temporary variations in the school dress code must be advised in writing.

When not in dress code, students may be given a dress code t-shirt or jacket to wear for the day and return to the front office at the end of the day. Students will be given a form to inform their parents' that they were not wearing dress code clothing. This is to be signed and returned to the school.

If a student continues to dress outside of the school code, the leadership team will liaise with the student's family directly.
