Parents and Friends Report 2018

The Parents and Friends Committee for 2018 consisted of lots of ladies and I would like to thank them all for their time, commitment and dedication to our school community.

This year Parents and Friends provided each school child with a hooded jumper, showing the school logo and year. I thank Sharon for the design and organisation and all the committee for helping make this possible. This design of jumper is now available for purchase through the school without the year on it.

The ladies have once again made hotdogs and cake available for sports day, which the children always love. Thank you to all the ladies that baked the yummy cakes and helped out on the day.

Thank you Jess for organising and running our bulb fundraiser. We hope the community enjoyed some beautiful flowers.

Parents and Friends would like to wish the staff and students leaving the school all the very best. May they follow their hopes and dreams to a great future.

Min Smulders
Chairperson Parents and Friends.
