School Concert

6:30pm on Thursday 25th June, 2026

Classes are well underway in their practicing for our School Concert held in a couple weeks! We hope families can join us on the night to celebrate the effort our students have put in to practice their items.

I hope everyone had an enjoyable and relaxing extra-long weekend for the King's Birthday, with the school closure added to extend the weekend. The restful, or busy, weekend has resulted in a lot of sickness amongst the students, with plenty away this week. I hope everyone takes care and recuperates quickly.

Thank you to the McLachlan bus families for their support on Tuesday morning when the bus didn't start! Hopefully we have it sorted now with no more disruptions.

Tomorrow we will hold a whole school assembly. We hope families can come along to see what has been happening in our classrooms throughout the term. We also hope to have some work on display at the club rooms over the next couple weekends with the scheduled home games.

Health checks for the preschool 4yo children have been locked in. Parents received information last week about the checks. Please make sure to send the questionnaire and consent form back to school.

Have a great week,

Beth Sampson

Excursion to the Medical Center

Following 5 weeks of nurses and doctors play, we visited the Lock Medical Centre to extend and connect children's learning with our community. This excursion supported children to share their thinking and learning with real medical professionals, observe tools and practices, and make links between their imaginative play and real-life experiences.

Get up and goers visit - Sharing our learning and thinking to the get up and goers. We created a joint reconciliation week activity and created the bus for our performance.

Congratulations to Mackenzie on her second prize (R-2) in the 2025 Mary Anning Art competition!

Wonambi

Wonambi was on a log and watching a wallaby coming to drink at the waterhole. If the wallaby isn't quick enough he will be the Wonambi's next lunch.

-Mackenzie

It's that time of year again!

Create an original piece of artwork that tells us something about the prehistoric life of South Australia.

What makes a successful entry?

Scientific accuracy, creativity, and originality

The best art isn't just a picture, or a sculpture. It tells a story!

Opening and Closing Dates:

Submissions open - 21 May 2026
(Mary Anning's Birthday)
Submissions close - 31 August 2026

Entry categories:

- Reception to Year 2
- Year 3 to Year 5
- Year 6 to Year 8

Prizes

1st, 2nd and 3rd prizes will be awarded in each year group category

YOU CAN DO IT!

ONE MORE WEEK!

FOR THOSE WHO HAVE BEEN KEEPING UP WITH THE BIG 20 WEEK CHALLENGE SINCE WE STARTED.

It is still possible for your child to attempt the challenge....As long as, by the end of Term 3, they have had 20 weeks all up where they have reached the minimum 60 minutes a day for 5 days, they are still eligible.

See Bu Casey for spare forms!

It has been fantastic to see students working hard on their Science Oliphant projects at school, and hearing about how projects are going at home for those who are working on them at home.

For those doing multimedia projects, the count down is on as they need to be uploaded by the 28th of June! For all others, there are three more weeks of school, two weeks of holidays and then projects need to be to Bu Casey at the start of the first week back so they are ready for transport to Adelaide at the end of Week 1.
