

Karcultaby Area School Site Learning Plan

Our 4 intentional choices to **Activate Effective Learners** so that our students are enabled to understand themselves as learners

Our Purpose: Karcultaby Area School empowers students to thrive in the real world through collaboration and intentional learning. We foster resilience, curiosity, and independence, promoting qualities of respect, responsibility, and perseverance in a caring environment. Our commitment to lifelong learning cultivates a culture that values and encourages kindness.

Our Vision: Empowered learners, inspired to fulfill their pathways, confidently navigate the world with ethical integrity. Our community collaboratively builds curiosity, independence, and resilience, embedding kindness, respect, and responsibility in all students.

Collective Responsibility

Building Connection

So that we build a school community that values authentic learning and meaningful connections.

Strengthening Learner Wellbeing

So that our learners thrive emotionally, socially and academically.

Learning Design

Exploration and Play

So that we foster the development of capabilities, dispositions and a love for lifelong learning.

Learner Culture

Building Foundations for Continuity of Learning

So that our learners are prepared for their futures
