

Primary Student use of Mobile Phones and Personal Devices Policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile Phone use for Primary School Students

The Department's position is that primary aged students cannot use their mobile phones and personal devices during school hours. The Department and the school recognises that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- To ensure their safety while traveling
- So that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access until the end of the school day.

Storage of Personal Devices

Personal devices (including mobile phones and smartwatches) handed to the front office for secure storage and returned to students at the end of the day.
