A Colourful Welcome in Our Junior Primary Area

What began as a necessary wall extension to improve student safety in our Junior Primary area soon became an unexpected opportunity to enhance our learning environment. While the new wall served its purpose, the finished design felt a little unwelcoming for our young learners.

We reached out to staff to see if anyone would be willing to help bring some colour and warmth into the space. One of our incredibly talented support staff members, **Nate**, generously stepped forward and took this project on.

Donating his own time and creativity, Nate transformed the wall into a bright, colourful mural that has completely changed the feel of the Junior Primary classroom B3. The mural now creates a welcoming, engaging, and joyful environment for our students, making the space feel truly theirs.

We are so grateful for Nate's dedication and generosity, and we invite everyone to take a moment to pop in and admire this **amazing mural**. It's a wonderful example of how our staff go above and beyond to support our students and school community.
