Bullying Prevention Policy and Plan

Updated: May 2025

We aim to establish a community in which everybody upholds our school values of respect, safety and trust; and where individual differences are appreciated, understood and accepted. Everybody has a right to enjoy their time at school.

Our vision

Australian schools are safe, inclusive and connected learning communities that promote positive relationships and

wellbeing as a foundation for children and young people to reach their full potential.
(Australian Student Wellbeing Framework 2018)

All students have the right to feel safe, respected and included. Our learning communities are free from bullying and harassment.

Our school climate fosters healthy and respectful relationships. We will create this with our students, families and the broader community.

We will model behaviours that:

- demonstrate respect
- value diversity
- promote belonging and wellbeing.

Definitions

Bullying

A national definition of bullying has been endorsed by the Education Council.

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders.

Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features

It involves a misuse of power in a relationship

Conflict or fights between equals are not defined as bullying. Bullying occurs where there is a power imbalance. This might come from:

- the context. For example a number of children acting against one child
- personal characteristics. For example different physical, emotional or social development.

It is ongoing and repeated

One incident of misbehaviour is not defined as bullying. Schools will respond to all incidents of misbehavior. One act by a single person might be bullying if:

- the behaviour adds to a series of other people's behaviours that misuse power and result in harm
- it can be shared online or through technology to a wide audience, or repeated with multiple views.

It involves behaviours that can cause harm

Bullying can cause physical and psychological harm.

Physical harm can include injury. It can also include theft or damage to belongings.

Psychological harm can include:

- anxiety
- not wanting to go to school
- lack of interest in school
- isolation and depression.

Psychological harm can last some time. It will depend on a student's situation and the support available to them. Support might come from family, school and friends.

A fear of being bullied can create psychological harm.

Examples of types of bullying

Physical: hitting, kicking, tripping, pinching, pushing or damaging or stealing belongings.

Verbal: verbal abuse, name calling, insults, teasing, intimidation, or threats.

Social: social exclusion, lying, spreading rumours, unkind facial expressions or body language, mean and condescending looks, playing jokes to embarrass and humiliate, mimicking and damaging someone's reputation or social relationships.

Cyber: Cyberbullying is online bullying. It uses technology, including social media platforms. Verbal and social bullying can be cyberbullying when they occur online.

Cyberbullying includes:

- abusive texts and emails
- hurtful messages, videos and images, including images that have been changed
- sharing personal images and videos without consent
- pretending to be someone else online to be hurtful.

Harassment, discrimination and violence

Bullying, harassment, discrimination and violence all create or add to a negative environment. This can make students feel unsafe and unable to reach their full potential.

Harassment

Harassment is behaviour that targets an individual or group. This can be because of their: identity, race, culture or ethnic origin; religion; physical characteristics; gender; sexual orientation; age or ability.

It offends, humiliates, intimidates or creates an unsafe environment. It might be a: pattern of behaviour or a single act. It might be on purpose or unintended.

Discrimination

Discrimination happens when people are treated differently to others. This can be because of their: identity, race, culture or ethnic origin; religion; physical characteristics; gender; sexual orientation; age or ability. Discrimination interferes with people's right to fair treatment and equal opportunities.

Violence

Violence is the intentional use of physical force or power. It can be threatened or actual, against another person. It might result in psychological harm, injury or in some cases death. It might involve provoked or unprovoked acts. It can be one incident, a random act or can happen over time.

Bullying, harassment, discrimination and violence may be based on gender, race, sexuality, culture, religion, disability and care status. Bullying, harassment, discrimination and violence for any reason is not acceptable in South Australian public schools. It will be responded to.

Responses will depend on the:

- behaviours
- needs of the students
- rights of all students to be safely included in learning.

Roles and responsibilities

School leaders and staff

- Model and promote positive behaviour. Value diversity, demonstrate respect, and include all students and their families.
- Provide and take part in professional development to build skills, knowledge and confidence about preventing bullying. Including how to recognise, respond and manage it.
- Assess bullying data and trends to develop prevention strategies. Do this with the Governing Council and school community.
- Collect data on bullying regularly. Use the data to plan how you will prevent and respond to bullying.
- Explicitly teach students about respectful relationships, bullying and cyberbullying. Teach them how to recognise bullying, what to do and how to get help.
- Work with students to come up with solutions to bullying. Include them in decisions that affect their safety and wellbeing.
- Support all students to be included, in particular students at higher risk of being bullied.
- Take action when bullying and cyberbullying has been reported. This includes incidents that happen out of school hours or off school grounds when it relates to school relationships.
- Report criminal matters to the South Australian Police.
- Help parents and carers to recognise bullying. Include information about what to do when their child is engaging in or affected by bullying.
- Work with families, service providers and the community to support students affected by bullying.
- Support students to repair and restore relationships that have been harmed by bullying.

- Report concerns about bullying to school staff.
- If a bullying incident happens, work with the school.
- Support their children to go to school while a bullying issue is being worked on.

Our responses will restore the safe and positive learning environment.

Monitor and follow-up

Staff will check on all students involved in a bullying incident. They will make sure all students are safe and relationships are repaired. They will talk with students, parents and carers about the actions taken. They will check if these actions have helped.

If a student, parent or carer are not happy with the steps taken by the school, they can call the department's complaints management line on 1800 677 435.
