The background of the entire page is decorated with numerous light green, stylized virus particles. Each particle has a central circular body with small dots inside, and several irregular, spiky protrusions extending from the outer edge, resembling coronaviruses.

# Stay HOME

## IF SICK

We would like to remind families that whilst it is important children attend school, we kindly ask that if your child is showing any signs of illness such as cold and flu symptoms, vomiting/diarrhea, high temperatures, rashes or unusual spots - **PLEASE KEEP THEM HOME.**

This will prevent the spread of illness to other children, staff members and the wider community.
