PURPOSE

We are committed to providing a strong Management Committee team who are aware of their roles and responsibilities to the OSHC Service, children, families, educators, and community. The Management Committee will adhere to Education and Care Services National Law and Regulations, the National Quality Standard, Family Assistance Law and other relevant legislation as required by an employer. The Management Committee will maintain their professionalism at all times, performing in an ethical manner, which is reflective of the Service's philosophy.

SCOPE

This policy applies to children, families, staff, management, approved provider, nominated supervisor, educators and visitors of the OSHC Service.

IMPLEMENTATION

This *Management Committee Policy* is to be used in conjunction with the *Governance Policy*.

The Management Committee is elected each year at our Annual General Meeting (AGM). All family members of children who attend the OSHC Service are invited to join the Management Committee. Within the Management Committee is an executive team, the executive team may include Persons with Management or Control of the Service (PMC) as defined by ACECQA. Persons with management or control may *participate in executive or financial decision-making or have authority or responsibility for, or significant influence over, the planning, direction or control of the activities or the delivery of the education and care service* (ACECQA 2023). All members of the committee, including general members and executive team members have equal decision-making powers and contribute to all decisions. The members of the committee may include Executive Committee (Chair, Treasurer, Secretary and Community Representative), General Committee (Director, parent representatives, community representatives and three staff representatives)(Max 3 staff, 8 parent and 2 community representatives).

The Management Committee has an overall responsibility for the sustainability and relevance of the Service. The Committee provides effective governance to support the operation of our quality education and care Service and actively supports families to meaningfully engage with the Service philosophy, policies and procedures and provide feedback to ensure continual improvement.

Our OSHC Service operates under the Service Constitution which guides the governance and functioning of the organisation and management committee. The Constitution guides governance rules while providing direction and purpose of the organisation's decision-making processes. The Management Committee will ensure the Service Constitution is reviewed every 3 years. The Service Constitution states the Management Committee must operate with the following minimum positions filled, President, Secretary, Treasurer and Community Representative. Executive team committee members will be elected as per the Service Constitution and positions renewed every 12 months.

Our OSHC Service embeds the National Child Safe Principles- (Child Safe Standards) into our organisational leadership, governance and culture. We implement a child safe culture and are committed to child safety and wellbeing. Our Code of Conduct sets out the behaviours that are expected by all members of the Management Committee when interacting with children and young people. We believe that children's safety, rights, and best interests are the paramount consideration for all Service operations, decisions and functions. Our Service ensures that child safety, wellbeing and best interests take priority over all other considerations, including financial interests or other obligations of management, and are embedded in our daily practices, policies and procedures.
